Lot 8 (commercial) Actual BW Actual WW ½ Blood Sim Upgrade bull

 87 712 Bismarck cow

The DNA came back on this bull and we found out he was not an embryo calf. He is out of our Bismarck recip cow and a ½ blood Sim Upgrade bull. Therefore, this bull would be a ¼ blood simmental.

Lot 38 – G965

That was a misprint in the catalog. This is the pedigree on the correct bull.
